

## Novocastrian Pyrotechnics

“ THE PYROFESSIONALS ”

To Whom It May Concern:

Please let us introduce our company, and what we are able to provide, if ever you have the need to make a big impression on a special occasion.

Our company, as you have most likely noticed is a pyrotechnics company (fireworks), we are family based and have been involved in the industry for 15 years. Providing a professional service that has a 100% incident free history.

***We are fully insured to \$10 million for public liability, and this is based with an onshore underwriter,*** this is something a lot of operators do not have. And something which we must have, due to the fact a lot of our clients are major Companies, Businesses and Councils, and this is something they require knowing the risks involved in a claim made against an offshore underwriter, and the time a settlement can take if ever this was to happen. This is a major issue a lot of clients are not aware of, and one we are most happy to let our clients know about. After all, safety is our main concern, and to provide the best is what we aim for in every way. **“WE DO NOT CUT CORNERS”....**

We take all of the headaches out of the equation, and let you concentrate on the more important issues on the day. As we cover everything from: **Work Cover Permits, Police, Fire Brigade and Civil Aviation** notices. This is not an extra cost to you, but something that all Pyrotechnics businesses must do by law.

We have extensive knowledge of the industry and are able to perform: Indoor, Outdoor, Barge (water), and day time effects using only the latest and best products from around the globe that are available, and everything we do is electronically fired for a greater safety factor, to both yourself and our crew. We are able to perform displays for just about any occasion, such as: WEDDINGS, CORPORATE EVENTS, FESTIVALS, BIRTHDAYS, GRAND OPENINGS, and REGIONAL SHOWS....etc. Just to name a few.

Please See Following Page For A Run Down On Our Pricing And What We Provide...

KEEP IN MIND THERE ARE MANY FACTORS THAT CAN ALTER DISPLAY COSTS...  
Eg...durations, intensity, budget, location, etc...

Yours truly,

Anthony Newgent  
(Chief Pyrotechnician)

## Novocastrian Pyrotechnics

" THE PYROPROFESSIONALS "

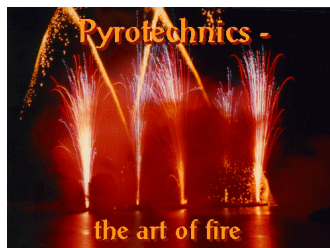

### Example Display Pricing

- **\$1000- \$1200 Display:** *this will provide a **low** level intensity display within the 4.5 to 5 minute time frame, and **medium** level intensity finale, an average display for the smaller budget.*
- **\$1200- \$1500 Display:** *this will provide a **medium** level intensity display within the 5 to 6 minute time frame, or **low** intensity of a 6 to 8 minute time frame, above average display in favour with weddings, smaller community groups and also school fetes.*
- **\$1500- \$2000 Display:** *this will provide a **medium** to **high** level intensity display within the 5 to 7 minute time frame, or **medium** intensity of a 7 to 8 minute time frame, popular display with smaller community groups and weddings.*
- **\$2000- \$5000 Display:** *this is where you start to have a **medium** to **high** intensity display of anywhere between 6 to 8 minutes but this provides plenty of noise and lots of different effects and colour.*
- **\$5000 and upwards:** *this is all to do with times, effects and what **YOU** the client is after, the choices are so variable its not something that is easily interpreted into words with out having better knowledge of the industries terminology. This type of display is favoured by corporate clients and anyone after that real **WOW** factor.*

- *We are always willing to help with your ideas and budgets to suite what you require...*

### Some examples of budgets are:

- Scone Horse Festival - 8 min, medium to high intensity display @ \$2,500 +
- Warners Bay New Years Eve – 10.00 pm, 12 min, high intensity @ \$7,500 +
- Erraring Public School - 8min, low intensity display @ \$1750
- Cypress Lakes Resort NYE – 8min, high intensity display @ \$6000 +
